ADDITIONAL INFORMATION

Easy Home Installation

The Hybrid-M1 Series filter system will easily fit under your existing kitchen bench. All plumbing fittings are included for easy installation.

Advanced Filtration Technology

Puretec Hybrid-M1 Series system incorporates the most advanced filtration technology. It uses Radfire UV technology to kill bacteria, a washable sediment filter cartridge, a silver impregnated cartridge to remove bad taste, odour and prevents bacterial growth. The Radfire™ Ultraviolet Technology is a natural process of water purification that is eco-friendly and chemical free. Heavy duty construction allowing more flow with less pressure, making it a better option where there is more usage or very dirty water.

Longer Filter Life

The Hybrid-M1 Series incorporates Puretec's long life filter technology, so you can go longer between filter replacements, and comes with our **3 Year Platinum Protection Warranty**^.
